Section 2. 1996 Kentucky Acts Chapter 380, PART X, GENERAL FUND CAPITAL CONSTRUCTION AND TECHNOLOGY TRUST FUND; at pages 1977 to 1980, is amended to read as follows:

PART X

~~[GENERAL FUND]~~CAPITAL CONSTRUCTION AND TECHNOLOGY TRUST FUND PLAN

1. A~~[General Fund]~~ Capital Construction and Technology Trust Fund Plan (the Plan) for fiscal year 1995-96 and fiscal year 1996-97 is enacted. As determined under the provisions of this Act, the Plan authorizes and directs the expenditure of General Fund moneys to capital projects as defined by KRS 45.750 for the fiscal year 1995-96 upon enactment of this Act. The General Fund amount appropriated in fiscal year 1995-96 for capital projects identified in priority rank order in this Part of this Act is $38,260,700. This amount is one-half of the projected General Fund undesignated fund balance for the General Fund Surplus Account for fiscal year 1995-96 not appropriated in either Part I or Part II of this Act.

2. The Secretary of the Finance and Administration Cabinet shall determine, within thirty (30) days after the close of fiscal year 1995-96, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan in fiscal year 1996-97.

The Secretary of the Finance and Administration Cabinet is authorized to make available from one-half of the moneys in the General Fund undesignated fund balance for the General Fund Surplus Account the following amounts to the following budget units for all capital projects authorized in this Part of this Act in the priority rank order set forth below upon certification to the Legislative Research Commission that sufficient actual amounts in the General Fund undesignated fund balance for the General Fund Surplus Account for fiscal year 1995-96 have, in fact, been achieved.

Subsequent to June 30, 1996, funds that are certified as being available in the actual General Fund undesignated fund balance for the General Fund Surplus Account are appropriated for expenditure in fiscal year 1996-97 pursuant to the Plan in the priority rank order set forth in this Part.

3. Insofar as sufficient General Fund moneys are estimated to be available upon the enactment of this Act, the priority project listing enumerated in this Part is appropriated in fiscal year 1995-96. To the extent that projects are enumerated in the priority ranking and sufficient General Fund moneys are not estimated to be available for expenditure and appropriation in fiscal year 1995-96, the remaining projects in the priority order set forth in this Part are appropriated from the actual General Fund undesignated fund balance of the General Fund Surplus Account effective July 1, 1996, for fiscal year 1996-97.

4. In addition to the General Fund amounts enumerated and appropriated in this Part for the nonrecurring capital projects listed, the following appropriations are approved coincident with the General Fund appropriations: University of Louisville - Health Science Center Research Facility - Restricted Funds - $14,000,000; Eastern Kentucky University - Classroom Building/Wellness Center - Restricted Funds - $750,000; University of Kentucky Community College System - Hazard Community College Classroom and Faculty Offices - Restricted Funds - $2,000,000; Tourism Development Cabinet - Department of Parks - Pine Mountain Development Lake Area - Other Funds - $1,500,000; and Tourism Development Cabinet - Department of Parks - General Butler New Conference Center - Other Funds - $50,000.

5. To the extent that sufficient amounts in the General Fund undesignated fund balance for the General Fund Surplus Account are not realized at June 30, 1996, for appropriation in fiscal year 1996-97, additional projects are not certified for

expenditure in fiscal year 1996-97. Only those projects whose total project cost is provided in either fiscal year 1995-96 or fiscal year 1996-97 from the fund sources enumerated above may proceed.

6. ***Bond funds for*** nonrecurring capital projects are ***authorized***[~~funded~~] for the budget units of the Executive Branch pursuant to the provisions of the Plan in the following priority order:

The above Bond Funds and the associated General Fund debt service appropriations are substituted for the cash appropriations from the General Fund provided in subsections 1, 2, 3, and 12 of this section. The State Property and Buildings Commission shall issue the bonds. Moneys made available from the substitution of funding sources for the above projects shall be credited by the Secretary of the Finance and Administration Cabinet to the General Fund Surplus Account.

7. An amount identical to that appropriated for capital projects in both fiscal year 1995-96 and fiscal year 1996-97 as enumerated and appropriated above shall be appropriated to a Technology Trust Fund subject to the same certification of projected General Fund undesignated fund balance for the General Fund Surplus Account moneys in fiscal year 1995-96 and actual General Fund undesignated fund balance for the General Fund Surplus Account at June 30, 1996, required by this Act. The General Fund amount appropriated in fiscal year 1995-96 for the Technology Trust Fund created and enacted in this Act is $38,260,700. This amount is one-half of the projected General Fund undesignated fund balance for the General Fund Surplus Account for fiscal year 1995-96 not appropriated in either Part I or Part II of this Act.

8. The General Assembly has determined that the following provisions shall apply to all General Fund appropriations in this Act to the Technology Trust Fund.

a. The provisions of KRS 45.750 to 45.800; KRS 48.010(7); (9), (13)(c), (14)(a), 14(d), and 14(e); KRS 48.110(6); and KRS 48.190 notwithstanding, the Secretary of the Governor's Executive Cabinet is authorized to identify and select individual projects, initiatives, and systems necessary to improve service delivery at reduced costs through the use of technology. These provisions and this General Assembly determination to temporarily suspend or supersede any statute to the contrary are authorized in order to accomplish the public purpose of improving public service delivery at less public cost.

b. The provisions of KRS 45.750 to 45.800; KRS 48.010(7), (9), (13)(c), (14)(a), 14(d), 14(e); KRS 48.110(6); and KRS 48.190 notwithstanding, in selecting projects eligible for expenditure from the appropriations provided, the Secretary shall rely upon the following standards and guidelines: 1) the foremost criteria for individual project or process selection shall be demonstrable cost savings on a recurring basis through the employment of technology and training which would improve service delivery; 2) appropriations made to the Technology Trust Fund can be applied and directed to both the operating and capital budget of affected agencies; 3) the decision-making and priority setting responsibilities for allocating these funds are vested in the Secretary of the Governor's Executive Cabinet, upon advice and consultation from the Redesign Steering Committee comprised of both Executive Branch and General Assembly members, and upon official authorization of the Secretary of the Finance and Administration Cabinet; 4) eligible projects, initiatives, and systems that receive Technology Trust Fund support may be selected from agency budget requests or the budget document and supportive workpapers developed in support of this Act. However, projects, initiatives, and systems so selected are not exclusively confined to the lists, requests, and plans just enumerated and may be developed by the Redesign Steering Committee cited above; 5) quarterly reports will be required to be made to the Legislative Research Commission and its committees to ensure proper oversight and accountability; 6) each individual system or initiative developed and supported from appropriations made available through the Technology Trust Fund established in this Act shall employ technology that is compatible with the information systems technology used by the General Assembly and Legislative Research Commission.

9. Appropriations allotted from the Technology Trust Fund for each project, initiative, or system, as well as all other associated resources made available from regular appropriations for the same purpose from a budget unit shall be transferred and credited to, and accounted for and expended from a discrete account established for the individual project, initiative, or system item in the Operating Budget and the Capital Budget.

10. In addition to the General Fund appropriations in this Part for the Technology Trust Fund, Restricted Funds, Federal Funds, the Road Fund, private funds, and any matching fund appropriations required are appropriated in support of the projects and priorities identified by the Redesign Steering Committee. However, KRS 45.760(14), 45.770, 45.780, and 45.800 notwithstanding, no funds from the emergency repair, maintenance and replacement account or the capital construction and equipment purchase contingency account shall be used for Technology Trust Fund projects, systems, or initiatives.

11. Figures for amounts in all determinations, authorizations, and appropriations under the Plan shall be rounded to the lower hundredth dollar.

12. Notwithstanding KRS 45.229, appropriations from the General Fund for the projects, systems, and initiatives identified and authorized as part of the Plan shall be continued appropriations and not lapse to the General Fund. Appropriations made to components of the Plan in fiscal year 1995-96 shall be continued in fiscal year 1996-97. Appropriations made to components of the Plan in fiscal year 1996-97 shall continue in fiscal year 1997-98.

13. Nothing in this Part shall be construed as modifying, suspending, or superseding the Model Procurement Code as set forth in KRS Chapter 45A.

14. Nothing in this Part shall be construed as modifying, suspending, or superseding the provisions of KRS Chapter 18A of the merit system.

Section 3. 1996 Kentucky Acts Chapter 380, at page 1981, is amended to read as follows:

PART XII

JUSTICE CABINET

Department of Juvenile Justice

	1997-98
General Fund	*4,000,000*

For fiscal year 1997-98 there is appropriated an additional $4 million from the General Fund to the Department of Juvenile Justice created by the 1996 Regular Session of the General Assembly in 1996 Kentucky Acts Chapter 358 (House Bill 117) codified as KRS 15A.065 and as constituted by Executive Order 96-1576. These additional appropriations are for the purposes of complying with the Consent Decree executed by the Commonwealth with the U.S. Department of Justice pertaining to juvenile justice administration, care, services, and public protection, and to provide juvenile delinquency preventive programs, including community-based grants, as may be required to fulfill the responsibilities of the Department of Juvenile Justice set out in 1996 Kentucky Acts Chapter 358 (House Bill 117) of the 1996 Regular Session of the General Assembly. These funds are in addition to funds appropriated by the 1996 General Assembly in 1996 Kentucky Acts Chapter 380 (House Bill 379) for juvenile justice purposes to the Cabinet for Human Resources, Department for Social Services, or to the Cabinet for Families and Children; to the Corrections Management budget unit in the Department of Corrections; and to the Justice Administration budget unit in the Justice Cabinet.

The requirement that the Department of Juvenile Justice shall pay for the confinement of persons pursuant to KRS 635.060(4) and (5) shall not apply to juveniles confined on or before June 30, 1998.

Section 4. It is the intent of the General Assembly that until the employment of the first President of the Council on Postsecondary Education as established under enabling legislation as enacted by the General Assembly in the 1997 First Extraordinary Session all appropriations for fiscal year 1997-98 related to the postsecondary education system as established pursuant to this Act shall be administered by the State Budget Director of the Governor's Office for Policy and Management for the purposes of providing policy direction and implementing the provisions of this Act and enabling legislation as enacted by the

General Assembly in the 1997 First Extraordinary Session. All such policy direction and all decisions related to the execution of the appropriations for fiscal year 1997-98 referred to in this Act shall be communicated to the Legislative Research Commission and the Interim Joint Committee on Appropriations and Revenue. Moreover, it is the intent of the General Assembly that the Kentucky Revised Statutes relating to the system of postsecondary education to the contrary notwithstanding, all personnel and resources within the postsecondary education system identified by the State Budget Director as being necessary to assist in carrying out the provisions of this Act and enabling legislation as enacted by the General Assembly in the 1997 First Extraordinary Session shall be made available to the State Budget Director of the Governor's Office for Policy and Management. The purpose of this provision is to provide policy transition for implementing the postsecondary education system. This authority shall continue only until such time as the first President is employed by the Council on Postsecondary Education.

Section 5. For purposes of conforming the names of entities throughout 1996 Kentucky Acts Chapter 380 (House Bill 379), the 1996-98 State/Executive Branch Budget, references made to the Council on Higher Education for fiscal year 1997-98 purposes shall be deemed to be to the Council on Postsecondary Education unless the context requires otherwise.

Section 6. For purposes of conforming the funding source references throughout 1996 Kentucky Acts Chapter 380 (House Bill 379), the 1996-98 State/Executive Branch Budget, any reference to itemized capital projects enumerated in Part X, Section 6, for which the funding source is the General Fund Surplus Account shall be deemed to be financed by Bond Funds.

Section 7. The provisions of this Act shall prevail over any conflicting provision of 1996 Kentucky Acts Chapter 382, (House Joint Resolution 50) the 1996-98 State/Executive Budget Memorandum.

Section 8. Whereas it is critical to provide fiscal resources for postsecondary education by July 1, 1997, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

(3) The Finance and Administration Cabinet shall include in all state agency price contracts for the purchase of materials or supplies a provision that, as approved by the secretary of the Finance and Administration Cabinet, any political subdivision, including cities of all classes, counties, school districts, or special districts, may participate in such contracts to the same extent as the Commonwealth. Any political subdivision may purchase materials and supplies pursuant to a contract for such supplies and materials entered into by the Finance and Administration Cabinet for the Commonwealth, including those contracts negotiated by the cabinet with vendors who maintain a general service administration price

agreement as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045. Political subdivisions of the Commonwealth must comply with other provisions of the Kentucky Revised Statutes which require purchase by competitive bidding, before participating in the contract, unless the state contract has been let by competitive bidding, or the contract was negotiated as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045.

(4) The Finance and Administration Cabinet shall inform the Department of Local Government, which shall then inform the appropriate purchasing agent of each political subdivision, interested in participating under this section, of all state agency contracts in effect between the Commonwealth and vendors.

(5) The secretary of the Finance and Administration Cabinet shall promulgate ***administrative***[~~the rules and~~] regulations necessary for the implementation of this section and necessary to provide that the Commonwealth be reimbursed for any additional expenses incurred by the Commonwealth in allowing political subdivisions to participate in contracts with vendors.

(6) The Finance and Administration Cabinet shall comply with all provisions relating to the methods of purchasing in the Kentucky Revised Statutes. This section is not intended to repeal or otherwise affect any provision of the Kentucky Revised Statutes regarding purchasing methods of the Finance and Administration Cabinet.

Section 26. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" ***means***[~~shall mean~~] a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles [~~(~~]as provided in KRS 45A.215[~~)~~], and a fee, if any.

(3) "***Best value" means a procurement in which the decision is based on the primary objective of meeting the specific business requirements and best interests of the Commonwealth. These decisions shall be based on objective and quantifiable criteria that shall include price and that have been communicated to the offerors.***[~~Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to measurable criteria, set forth in the invitation for bids:~~

~~(a) Including, but not limited to, inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose;~~

~~(b) Which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintainability, useful life, and residual value; and~~

~~(c) Which shall be used to determine acceptability.~~]

(5) "Request for proposals" ***means***[~~shall mean~~] all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095 or 45A.100.

(6) "Responsible bidder or offeror" ***means***[~~shall mean~~] a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

(7) "Responsive bidder" ***means***[~~shall mean~~] a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

Section 27. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of ***best value***[~~either the lowest bid price or the lowest evaluated bid price~~]; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state ***that awards***[~~whether award~~] shall be made on the basis of ***best value***[~~the lowest bid~~

~~price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids~~].

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth[~~ therein~~] for the opening of bids. The notice ***may***[~~shall~~] include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the Finance and Administration Cabinet for all price contracts and purchase contracts estimated to exceed twenty-five thousand dollars ($25,000) not less than seven (7) days before the date set for the opening of the bids. The provisions of this subsection shall also apply to price contracts and purchase contracts of state institutions of higher education.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. At the time the bids are opened, the purchasing agency shall announce the agency's engineer's estimate and make it a part of the agency records pertaining to the letting of any contract for which bids were received. Each bid, together with the name of the bidder and the agency's engineer's estimate, shall be recorded and be open to public inspection.

(5) The contract shall be awarded[~~ with reasonable promptness~~] by written notice to the responsive and responsible bidder whose bid ***offers the best value***[~~is either the lowest bid price or lowest evaluated bid price~~].

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 28. KRS 45A.085 is amended to read as follows:

(1) When, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the ***bids***[~~bid prices~~] received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which[~~:~~

~~(a)~~] each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate[~~; and~~

~~(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and~~

~~(c) The negotiated price is the lowest negotiated price offered by any competitive offeror~~].

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals.

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where ***the***[~~such~~] prices are fixed by law or ***administrative*** regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or[~~ accurate~~] prior[~~ cost~~] experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable ***best value procurement***[~~prices~~], and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 29. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the[~~ lowest~~] responsive and responsible bidder ***whose bid offers the best value***; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section:

(2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the ***most***[~~lowest~~] responsive and responsible bidders***, based on criteria contained in the***[~~ to the competitive sealed~~] bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of ***best value***[~~the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror~~].

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 30. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the ***best value***[~~lowest acceptable quotation~~]. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

(f) For visiting speakers, professors, expert witnesses, and performing artists; and

(g) For personal service contracts executed pursuant to KRS 45A.690 to 45A.725.

(2) The chief procurement officer, the head of a using agency, or a person authorized in writing as the designee of either officer, may make or authorize others to make emergency procurements when an emergency condition exists.

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations, and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 31. KRS 45A.300 is amended to read as follows:

(1) Any public purchasing unit may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the acquisition of any supplies, services, or construction with any other public purchasing unit or foreign purchasing activity, in accordance with an agreement entered into between the participants. ***This***[~~Such~~] cooperative purchasing may include, but is not limited to, joint contracts between public purchasing units and access by local public purchasing units to open-ended state public purchasing unit contracts.

(2) Nothing in this code shall limit any public purchasing unit from selling to, acquiring from, or using any property belonging to another public purchasing unit or foreign purchasing activity independent of the requirements of KRS 45A.070 to 45A.165.

(3) Nothing in this code shall limit or restrict any public purchasing unit from entering into an agreement, independent of the requirements of KRS 45A.045***(5)***[~~(4)~~] and KRS 45A.070 to 45A.165, with any other public purchasing unit or foreign purchasing activity for the cooperative use of supplies or services.

(4) Any public purchasing unit may enter into an agreement for the joint or common use of warehousing facilities or the

lease or common use of capital equipment or facilities with any other public purchasing unit or a foreign purchasing activity subject to ***the***[~~such~~] terms as may be agreed upon between the parties.

(5) Nothing in this code shall limit or restrict the ability of local school districts to acquire supplies outside of the public purchasing agreements when the supplies and equipment meeting the same specifications as the contract items are available at a lower price elsewhere and the purchase does not exceed two thousand five hundred dollars ($2,500).

(6) Nothing in this code shall limit any public purchasing unit from receiving notice of or accepting a price reduction on supplies or equipment when the supplies or equipment are being offered by the vendor with whom a price agreement has been made; the supplies or equipment are being offered in accordance with all terms and conditions that are specified in the price agreement, except those relating to price; and the price reduction is offered to all of the participants in the price agreement. Public purchasing units may accept special price reductions under this subsection even if the reduced price requires the purchase of a specified quantity of units different from the quantity stated in the original price agreement. Price reductions under this subsection shall not be considered to permanently alter the price of the supplies or equipment under the price agreement with the Commonwealth, except where the price reductions are to be made permanent under the express terms of the price agreement and where the purchasing agency which solicited the price agreement determines that the enforcement of those terms serves the best interest of the Commonwealth.

Section 32. KRS 45A.660 is amended to read as follows:

The Finance and Administration Cabinet may, for satisfactory reason consistent with its responsibility to attempt in every practical way to ***ensure***[~~insure~~] that state agencies are acquiring their real needs ***through the application of best value criteria***[~~at the lowest possible cost or to the best advantage of the state~~], waive any requirements of this code in instances where purchases are made by the Commonwealth of Kentucky or any agency thereof from the federal government or any agency thereof or from any other state government or any agency thereof.

Section 33. KRS 45A.695 is amended to read as follows:

(1) No one shall begin work on a personal service contract made by any contracting body except as provided in subsection (8) of this section, until after ***a copy***[~~three (3) copies~~] of the personal service contract ***is***[~~are~~] filed with the Legislative Research Commission. Each service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.

(2) Each copy of a proposed personal service contract submitted to the Legislative Research Commission shall be accompanied by documentation of:

(a) The need for the service;

(b) The unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service; and

(c) In the case of an architectural or engineering services contract, the documents identified in KRS 45A.830(3).

(3) Adequate notice of the need for the services shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, and state the relative importance of particular qualifications.

(4) The head of the contracting body or a designee of the officer may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

(5) Award shall be made to the offeror determined by the head of the contracting body, or a designee of the officer, to be the best qualified of all offerors based on the evaluation factors set forth in the request for proposals, and the negotiation of fair and reasonable compensation. If compensation cannot be agreed upon with the best qualified offeror and if proposals were submitted by one (1) or more other offerors determined to be qualified, negotiations may be conducted with the other offeror or offerors, in the order of their respective qualification ranking. In this case the contract may be awarded to the next best ranked offeror for a fair and reasonable compensation. All determinations of the qualification rankings of offerors by the head of the contracting body or a designee of ***the***[~~such~~] officer based on evaluation factors set forth in the request for proposals shall be made in writing. Written documentation shall be maintained concerning the final results of negotiation with each vendor and reasoning as to why each vendor was chosen.

(6) The Legislative Research Commission shall cause to be endorsed on the copies of each personal service contract submitted the time and date of the filing[~~ thereof~~] and shall maintain a file of[~~ such~~] personal service contracts for public inspection, with suitable indexes.

(7) Payment on contracts submitted to the subcommittee shall not be made before completion of the review procedure provided for in KRS 45A.705 unless the secretary of the Finance and Administration Cabinet determines that the time involved with the normal review procedure would be detrimental to the state's ability to act or to procure services. Payment shall not be made until written notification and explanation of the reasons for this action are forwarded to the subcommittee along with the personal service contract for which emergency payment is deemed necessary.

(8) In the event of a governmental emergency, work may begin prior to filing ***a copy***[~~three (3) copies~~] of the personal service contract with the Legislative Research Commission providing that the normal process will not accommodate the

emergency.

(9) If an emergency exists and work is authorized to begin immediately, ***a copy***[~~three (3) copies~~] of a statement, approved by the secretary of the Finance and Administration Cabinet, setting forth in detail the nature of the emergency shall be filed with the ***copy***[~~three (3) copies~~] of the personal service contract.

Section 34. KRS 45A.700 is amended to read as follows:

(1) Personal service contracts on which the estimated cost does not exceed ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] shall be exempt from review by the subcommittee. Personal service contracts of ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] or less shall be filed with the subcommittee prior to their effective date pursuant to KRS 45A.695 for informational purposes. The subcommittee shall periodically examine the informational copies of personal service contracts of less than ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] and payment of less than ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] for personal services and may request agency participation in discussions relative to their contracts or payments.

(2) All amendments to personal service contracts covered by subsection (1) of this section shall be filed with the subcommittee prior to their effective dates. If a personal service contract of less than ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] is amended to the extent the amended total of the contract exceeds ***twenty***[~~one~~] thousand dollars ***($20,000)***[~~($1,000)~~] per calendar year, the amended contract shall be placed on the agenda for the subcommittee's review.

Section 35. KRS 56.782 is amended to read as follows:

HR 18, A RESOLUTION to support excluding election officials and election workers from Form W-2 filing requirements under Section 6051 of the Internal Revenue Code of 1986.

WHEREAS, remuneration for election officials and election workers is not subject to any federal income tax withholding; and

WHEREAS, while an exclusion would be revenue neutral for the federal government, the lack of the exclusion is another federal unfunded mandate that costs Kentucky counties highly; and

WHEREAS, an exclusion from Form W-2 filing requirements would apply only to an amount paid as remuneration for services performed as an election official or election worker if such remuneration is not subject to tax under Chapter 21 (relating to Federal Insurance Contribution Act); and

WHEREAS, election workers and election officials have historically reported remuneration for services on the Form 1040 as other income; and

WHEREAS, issuing Forms W-2 to election officials and election workers (adding them to the local government payroll system) subsequently requires issuance of Forms W-4, I-9 and other paperwork, thus becoming another administrative burden to Kentucky county governments; and

WHEREAS, issuing Forms W-2 to election officials and election workers increases the number of Forms W-2 filed by many Kentucky counties beyond the 250 count level, requiring the Kentucky counties to install expensive electronic filing procedures;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. It is the sense of the House of Representatives of the Commonwealth of Kentucky that election officials and election workers should be excluded from Form W-2 filing requirements under Section 6051 of the Internal Revenue Code of 1986.

Section 24. KRS 45A.045 is amended to read as follows:

(1) The Finance and Administration Cabinet shall serve as the central procurement and contracting agency of the Commonwealth.

 (a) The cabinet shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. The cabinet shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, prior to the beginning of each fiscal year all agencies shall submit to the Finance and Administration Cabinet an estimate of all needs for supplies, materials, and equipment during that year which will have to be required through competitive bidding.

 (b) The Finance and Administration Cabinet shall have power, with the approval of the secretary of the Finance and Administration Cabinet, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

 (c) The Finance and Administration Cabinet shall attempt in every practicable way to ***ensure***~~[insure]~~ that state agencies are ***fulfilling their business needs through the application of the best value criteria***~~[acquiring their~~

~~real needs at the lowest possible cost~~].

(2) The Finance and Administration Cabinet shall recommend regulations, rules, and procedures, and shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and, subject to the approval of the secretary of the Finance and Administration Cabinet, shall promulgate administrative regulations to govern purchasing by or for all these agencies. The cabinet shall publish a manual of procedures which shall be incorporated by reference as an administrative regulation pursuant to KRS Chapter 13A. This manual shall be distributed to agencies and shall be revised upon issuance of amendments to these procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general ***administrative*** regulations ***promulgated***[~~prescribed~~] by the cabinet.

(3) The Finance and Administration Cabinet shall purchase or otherwise acquire, or, with the approval of the secretary, may delegate and control the purchase and acquisition of the combined requirements of all spending agencies of the state, including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services.

(4) The Finance and Administration Cabinet shall sell, trade, or otherwise dispose of[~~ all property (including~~] any interest in real property[~~)~~] of the state which is not needed, or has become unsuitable for public use, or would be more suitable to the public's interest if used in another manner, as determined by the secretary of the Finance and Administration Cabinet. The determination of the secretary of the Finance and Administration Cabinet shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. This request shall describe the property and state the reasons why the agency believes the property should be disposed. All instruments required by law to be recorded which convey any interest in any[~~ such~~] real property so disposed of shall be executed and signed by the secretary of the Finance and Administration Cabinet and approved by the Governor. Unless the secretary of the Finance and Administration Cabinet deems it in the best interest of the state to proceed otherwise, all[~~ such property (including any~~] interests in real property[~~)~~] shall be sold either by invitation of sealed bids or by public auction. The selling price of any interest in real property shall not be less than the appraised value thereof as determined by the cabinet, or the Transportation Cabinet for ***the***[~~such~~] requirements of that cabinet.

In the event the authority is delegated, the method for disposal shall be determined by the agency head, in accordance with administrative regulations promulgated by the Finance and Administration Cabinet, and shall be set forth in a document describing the property and stating the method of disposal and the reasons why the agency believes the property should be disposed of. In the event the authority is not delegated, requests to the Finance and Administration Cabinet to sell, trade, or otherwise dispose of the property shall describe the property and state the reasons why the agency believes the property should be disposed of. The method for disposal shall be determined by the Division of Purchases, Surplus Property Branch, and approved by the secretary of the Finance and Administration Cabinet or his or her designee.***

(6) The Finance and Administration Cabinet shall exercise general supervision and control over all warehouses, storerooms, and stores and of all inventories of supplies, services, and construction belonging to the Commonwealth. The cabinet shall ***promulgate administrative***[~~adopt~~] regulations to require agencies to take and maintain inventories of plant property, buildings, structures, other fixed assets, and equipment. The cabinet shall conduct periodic physical audits of inventories.

(7)[~~(6)~~] The Finance and Administration Cabinet shall establish and maintain programs for the development and use of purchasing specifications and for the inspection, testing, and acceptance of supplies, services, and construction.

(8)[~~(7)~~] Nothing in this section shall ***prevent***[~~deprive~~] the Finance and Administration Cabinet from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof. No contract executed under this provision shall authorize a price higher than is contained in the contract between the general service administration and the vendor affected.

(9)[~~(8)~~] Except as provided in KRS Chapters 175, 176, 177, and 180, and subject to the provisions of this code, the Finance and Administration Cabinet shall purchase or otherwise acquire all real property determined to be needed for state use, upon approval of the secretary of the Finance and Administration Cabinet as to the determination of need and as to the action of purchase or other acquisition. The amount paid for this real property shall not exceed the appraised value as determined by the cabinet or the Transportation Cabinet (for such requirements of that cabinet), or the value set by eminent domain procedure. Subject to the provisions of this code, real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employee of any agency of the state upon a finding by the Finance and Administration Cabinet, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the Finance and Administration Cabinet and the Governor, that the employee has not either himself ***or herself,*** through any other person influenced or attempted to influence either the agency requesting the acquisition of the property or the Finance and Administration Cabinet in connection with such acquisition. Whenever such an acquisition is consummated, the request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10)[~~(9)~~] The Finance and Administration Cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the Finance and Administration Cabinet, the Governor, and the General Assembly. The Finance and Administration Cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities. The Finance and Administration Cabinet shall also compile an annual report of state purchases by all spending agencies in the state's statewide accounting and reporting system. The report format shall include, but not be limited to, dollar amount, volume, type of purchase, and vendor.

(11)[~~(10)~~] For capital construction projects, subject to the provisions of this code, the bidding may be on whichever of the following methods, in the judgment of the secretary of the Finance and Administration Cabinet, offers the lowest real cost to the taxpayer:

(a) A total design-bid basis;

(b) A package system commonly referred to as "turnkey";

(c) Phase bidding commonly referred to as "fast track"; or

(d) Construction management.

Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12)[~~(11)~~] The Finance and Administration Cabinet shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by any agency of the state as provided in this code, and shall ***promulgate administrative regulations to*** designate[~~ by regulation~~] the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products. Major energy components shall be amortized on a seven (7) to ten (10) years' recovery basis and shall take into consideration the projected cost of fuel. The Finance and Administration Cabinet, in consultation with the Cabinet for Economic Development, shall conduct a thorough economic feasibility analysis on any major energy using component of at least three million (3,000,000) BTU's per hour heat input and shall issue a certificate of economic feasibility prior to the Finance and Administration Cabinet's purchasing or retrofitting any such component that utilizes any fuel other than coal. The economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For the analysis, the Finance and Administration Cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

Section 25. KRS 45A.050 is amended to read as follows:

(1) Except as provided in KRS 45A.800 to 45A.835 and KRS Chapters 175, 176, 177, and 180, all rights, powers, duties, and authority relating to the procurement of supplies, services, and construction, and the management, control, warehousing, sale, and disposal of supplies, services, and construction now vested in or exercised by any state agency under the several statutes relating thereto, are hereby transferred to the secretary of the Finance and Administration Cabinet as provided in this code, subject to the provisions of subsection (2) of this section.

(2) Unless otherwise ordered by the secretary of the Finance and Administration Cabinet, the acquisition of the following shall not be required through the Finance and Administration Cabinet:

(a) Works of art for museum and public display;

(b) Published books, maps, periodicals, and technical pamphlets; and

(c) Services of visiting speakers, professors, and performing artists.

(3) The Finance and Administration Cabinet shall include in all state agency price contracts for the purchase of materials or supplies a provision that, as approved by the secretary of the Finance and Administration Cabinet, any political subdivision, including cities of all classes, counties, school districts, or special districts, may participate in such contracts to the same extent as the Commonwealth. Any political subdivision may purchase materials and supplies pursuant to a contract for such supplies and materials entered into by the Finance and Administration Cabinet for the Commonwealth, including those contracts negotiated by the cabinet with vendors who maintain a general service administration price agreement as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045. Political subdivisions of the Commonwealth must comply with other provisions of the Kentucky Revised Statutes which require purchase by competitive bidding, before participating in the contract, unless the state contract has been let by competitive bidding, or the contract was negotiated as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045.

(4) The Finance and Administration Cabinet shall inform the Department of Local Government, which shall then inform the appropriate purchasing agent of each political subdivision, interested in participating under this section, of all state agency contracts in effect between the Commonwealth and vendors.

(5) The secretary of the Finance and Administration Cabinet shall promulgate ***administrative***~~[the rules and]~~ regulations necessary for the implementation of this section and necessary to provide that the Commonwealth be reimbursed for any additional expenses incurred by the Commonwealth in allowing political subdivisions to participate in contracts with vendors.

(6) The Finance and Administration Cabinet shall comply with all provisions relating to the methods of purchasing in the Kentucky Revised Statutes. This section is not intended to repeal or otherwise affect any provision of the Kentucky Revised Statutes regarding purchasing methods of the Finance and Administration Cabinet.

Section 26. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" ***means***~~[shall mean]~~ a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles ~~[(]~~as provided in KRS 45A.215~~[)]~~, and a fee, if any.

(2) "Established catalogue price" ***means***~~[shall mean]~~ the price included in the most current catalogue, price list, schedule, or other form that:

(a) Is regularly maintained by the manufacturer or vendor of an item; and

(b) Is either published or otherwise available for inspection by customers; and

(3) "***Best value" means a procurement in which the decision is based on the primary objective of meeting the specific business requirements and best interests of the Commonwealth. These decisions shall be based on objective and quantifiable criteria that shall include price and that have been communicated to the offerors.***~~[Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to measurable criteria, set forth in the invitation for bids:~~

~~(a) Including, but not limited to, inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose;~~

~~(b) Which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintainability, useful life, and residual value; and~~

~~(c) Which shall be used to determine acceptability.]~~

(4) "Invitation for bids" ***means***~~[shall mean]~~ all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.

(5) "Request for proposals" ***means***~~[shall mean]~~ all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095 or 45A.100.

(6) "Responsible bidder or offeror" ***means***~~[shall mean]~~ a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

(7) "Responsive bidder" ***means***~~[shall mean]~~ a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

Section 27. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of ***best value***~~[either the lowest bid price or the lowest evaluated bid price]~~; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state ***that awards***~~[whether award]~~ shall be made on the basis of ***best value***~~[the lowest bid price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids]~~.

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth~~[therein]~~ for the opening of bids. The notice ***may***~~[shall]~~ include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the Finance and Administration Cabinet for all price contracts and purchase contracts estimated to exceed twenty-five thousand dollars ($25,000) not less than seven (7) days before the date set for the opening of the bids. The provisions of this subsection shall also apply to price contracts and purchase contracts of

state institutions of higher education.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. At the time the bids are opened, the purchasing agency shall announce the agency's engineer's estimate and make it a part of the agency records pertaining to the letting of any contract for which bids were received. Each bid, together with the name of the bidder and the agency's engineer's estimate, shall be recorded and be open to public inspection.

(5) The contract shall be awarded[~~ with reasonable promptness~~] by written notice to the responsive and responsible bidder whose bid ***offers the best value***[~~is either the lowest bid price or lowest evaluated bid price~~].

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 28. KRS 45A.085 is amended to read as follows:

(1) When, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the ***bids***[~~bid prices~~] received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which[~~:~~

~~(a)~~] each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate[~~; and~~

~~(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and~~

~~(c) The negotiated price is the lowest negotiated price offered by any competitive offeror~~].

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals.

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where ***the***[~~such~~] prices are fixed by law or ***administrative*** regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or[~~ accurate~~] prior[~~ cost~~] experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable ***best value procurement***[~~prices~~], and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 29. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the[~~ lowest~~] responsive and responsible bidder ***whose bid offers the best value***; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the ***most***[~~lowest~~] responsive and responsible bidders***, based on criteria contained in the***[~~ to the competitive sealed~~] bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of ***best value***[~~the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror~~].

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 30. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the ***best value***[~~lowest acceptable quotation~~]. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

(f) For visiting speakers, professors, expert witnesses, and performing artists; and

(g) For personal service contracts executed pursuant to KRS 45A.690 to 45A.725.

(2) The chief procurement officer, the head of a using agency, or a person authorized in writing as the designee of either officer, may make or authorize others to make emergency procurements when an emergency condition exists.

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations, and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 31. KRS 45A.300 is amended to read as follows:

(1) Any public purchasing unit may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the acquisition of any supplies, services, or construction with any other public purchasing unit or foreign purchasing activity, in accordance with an agreement entered into between the participants. ***This***[~~Such~~] cooperative purchasing may include, but is not limited to, joint contracts between public purchasing units and access by local public purchasing units to open-ended state public purchasing unit contracts.

(2) Nothing in this code shall limit any public purchasing unit from selling to, acquiring from, or using any property belonging to another public purchasing unit or foreign purchasing activity independent of the requirements of KRS 45A.070 to 45A.165.

(3) Nothing in this code shall limit or restrict any public purchasing unit from entering into an agreement, independent of the requirements of KRS 45A.045***(5)***[~~(4)~~] and KRS 45A.070 to 45A.165, with any other public purchasing unit or foreign purchasing activity for the cooperative use of supplies or services.

(4) Any public purchasing unit may enter into an agreement for the joint or common use of warehousing facilities or the lease or common use of capital equipment or facilities with any other public purchasing unit or a foreign purchasing activity subject to ***the***[~~such~~] terms as may be agreed upon between the parties.

(5) Nothing in this code shall limit or restrict the ability of local school districts to acquire supplies outside of the public purchasing agreements when the supplies and equipment meeting the same specifications as the contract items are available at a lower price elsewhere and the purchase does not exceed two thousand five hundred dollars ($2,500).

(6) Nothing in this code shall limit any public purchasing unit from receiving notice of or accepting a price reduction on

supplies or equipment when the supplies or equipment are being offered by the vendor with whom a price agreement has been made; the supplies or equipment are being offered in accordance with all terms and conditions that are specified in the price agreement, except those relating to price; and the price reduction is offered to all of the participants in the price agreement. Public purchasing units may accept special price reductions under this subsection even if the reduced price requires the purchase of a specified quantity of units different from the quantity stated in the original price agreement. Price reductions under this subsection shall not be considered to permanently alter the price of the supplies or equipment under the price agreement with the Commonwealth, except where the price reductions are to be made permanent under the express terms of the price agreement and where the purchasing agency which solicited the price agreement determines that the enforcement of those terms serves the best interest of the Commonwealth.

Section 32. KRS 45A.660 is amended to read as follows:

The Finance and Administration Cabinet may, for satisfactory reason consistent with its responsibility to attempt in every practical way to ***ensure***[~~insure~~] that state agencies are acquiring their real needs ***through the application of best value criteria***[~~at the lowest possible cost or to the best advantage of the state~~], waive any requirements of this code in instances where purchases are made by the Commonwealth of Kentucky or any agency thereof from the federal government or any agency thereof or from any other state government or any agency thereof.

Section 33. KRS 45A.695 is amended to read as follows:

(1) No one shall begin work on a personal service contract made by any contracting body except as provided in subsection (8) of this section, until after ***a copy***[~~three (3) copies~~] of the personal service contract ***is***[~~are~~] filed with the Legislative Research Commission. Each service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.

(2) Each copy of a proposed personal service contract submitted to the Legislative Research Commission shall be accompanied by documentation of:

(a) The need for the service;

(b) The unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service; and

(c) In the case of an architectural or engineering services contract, the documents identified in KRS 45A.830(3).

(3) Adequate notice of the need for the services shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, and state the relative importance of particular qualifications.

(4) The head of the contracting body or a designee of the officer may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

(5) Award shall be made to the offeror determined by the head of the contracting body, or a designee of the officer, to be the best qualified of all offerors based on the evaluation factors set forth in the request for proposals, and the negotiation of fair and reasonable compensation. If compensation cannot be agreed upon with the best qualified offeror and if proposals were submitted by one (1) or more other offerors determined to be qualified, negotiations may be conducted with the other offeror or offerors, in the order of their respective qualification ranking. In this case the contract may be awarded to the next best ranked offeror for a fair and reasonable compensation. All determinations of the qualification rankings of offerors by the head of the contracting body or a designee of ***the***[~~such~~] officer based on evaluation factors set forth in the request for proposals shall be made in writing. Written documentation shall be maintained concerning the final results of negotiation with each vendor and reasoning as to why each vendor was chosen.

(6) The Legislative Research Commission shall cause to be endorsed on the copies of each personal service contract submitted the time and date of the filing[~~ thereof~~] and shall maintain a file of[~~ such~~] personal service contracts for public inspection, with suitable indexes.

(7) Payment on contracts submitted to the subcommittee shall not be made before completion of the review procedure provided for in KRS 45A.705 unless the secretary of the Finance and Administration Cabinet determines that the time involved with the normal review procedure would be detrimental to the state's ability to act or to procure services. Payment shall not be made until written notification and explanation of the reasons for this action are forwarded to the subcommittee along with the personal service contract for which emergency payment is deemed necessary.

(8) In the event of a governmental emergency, work may begin prior to filing ***a copy***[~~three (3) copies~~] of the personal service contract with the Legislative Research Commission providing that the normal process will not accommodate the emergency.

The Committee Amendment No. 1 to **HB 4** is as follows:

On page 10, line 24, by deleting the words "***in Section 4 of this Act***" and inserting the word "***herein***"; and

On page 10, after line 24 but before line 25, by inserting the following:

"***Prior to the appointment of the Kentucky Community and Technical College System Board of Regents, any allottment or expenditure of the above appropriation shall be determined by the State Budget Director upon consultation with the co-chairs of the Interim Joint Committee on Appropriations and Revenue and shall be reported to the Committee prior to any expenditure of funds. Effective upon appointment of the Board of Regents, determinations regarding any allottment or expenditure of the above appropriation shall be made by the Board of Regents considering the needs assessment and proposed budget plan for fiscal year 1997-98 as identified by each individual community college.***

In order to develop the needs assessments and proposed budget plans in a timely manner, the State Budget Director shall, upon passage of this Act, request individual community colleges to submit information regarding their respective needs, priorities, and budget plan for use of the above appropriation. The needs assessments shall be transmitted to the Board of Regents for its funding determinations.

It is the intent of the General Assembly that a high priority be given to evaluating and improving the salaries of the community college faculty and staff consistent with the needs and priorities identified by individual community colleges and consistent with the 1996-98 budget as enacted by the 1996 General Assembly. The number one budget request priority of the Community College System for the 1996-98 budget process was to correct the historically low salaries of the faculty. The average 1994-95 salary of a community college faculty member was approximately $7,024 less than the midpoint between the average 1994-95 salary of a Kentucky high school teacher and the average salary of a faculty member in Kentucky's other state-supported higher education institutions.

The Kentucky Community and Technical College System shall conduct a needs assessment of the Technical Institutions' Branch for fiscal year 1997-98. In order to develop the needs assessments and proposed budget plans in a timely manner, the State Budget Director shall, upon passage of this Act, request individual technical institutions to submit information regarding their respective needs, priorities, and budget plan for fiscal year 1997-98. The needs assessments shall be transmitted to the Kentucky Community and Technical College Board of Regents for its funding determinations.".

HR 20, A RESOLUTION to encourage the President and the United States Congress to re-examine United States foreign policy towards Ethiopia.

WHEREAS, the noble people of Ethiopia have developed and nourished a proud and distinguished culture that has endured for three millennia; and

WHEREAS, Ethiopia has had a long and productive friendship with the United States of America; and

WHEREAS, the people of the United States have responded generously and magnificently to the plight of Ethiopian famine victims through the provision of humanitarian aid; and

WHEREAS, the winds of democratic change have blown dramatically and ferociously across the former Soviet Union, Eastern Europe, Latin America, many parts of Africa, and now to Ethiopia; and

WHEREAS, Ethiopia is poised at a crucial juncture in its history because it is making a regression towards non-democratic one-party rule of Ethiopian People's Revolutionary Democratic Front (EPRDF); and

WHEREAS, the ascendance of the Ethiopian People's Revolutionary Democratic Front and its policy of promoting ethnic federalism have engendered animosity among nationalities of Ethiopia; and

WHEREAS, such governmental policies and practices have contributed to the severity of strained relations in Ethiopia by misdirected bureaucratic cleansing, arbitrary arrest, and detention of the prominent physician professor Asrat Woldeyes and many other prisoners of conscience, recognized as such by Amnesty International and the indigenous Ethiopian Human Rights Council (EHRC); and

WHEREAS, the people of Ethiopia are aspiring to resolve their complicated problems through the formation and utilization of democratic institutions and maximum citizen input; and

WHEREAS, the basic underpinning of democratic institutions in the new Ethiopia should be the supremacy of the will of the people and the guarantee of the rule of the people; and

WHEREAS, the Ethiopian government should adhere to the United Nations Universal Declaration of Human Rights, which encourages freedom of speech, assembly, religion, and press, guarantees all basic rights, and discourages ethnocentric politics and ethnic reservations; and

WHEREAS, it is crucial that the diverse voices, opinions, and philosophies of the people be expressed in promoting political, economic, and social progress and justices in Ethiopia; and

WHEREAS, a multiparty government may be the most egalitarian, feasible, and productive political arrangement in providing suffrage and in overcoming monumental obstacles; and

WHEREAS, President Bill Clinton and the Congress of the United States will play a crucial role in promoting the peaceful resolution of the immense problems of war ravaged Ethiopia; and

WHEREAS, the implementation of a democratic, multiparty government in Ethiopia should be a long-range foreign policy goal of the United States Government;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Honorable House of Representatives continue to encourage the formation of democratic institutions, multiparty participation, progressive social change, and respect for fundamental human rights in Ethiopia, including freedom of association and expression.

Section 2. The President and the Congress of the United States should be encouraged to use every possible means at their command to examine the policy, that recognizes and evaluates the political conditions that exist in Ethiopia with a view to ensure the prevention of the shocking brutality of ethnic warfare elsewhere in Africa from spreading to Ethiopia.

The Clerk of the House of Representatives is hereby directed to transmit a copy of this Resolution to the Honorable Bill Clinton, President, 1600 Pennsylvania Avenue, Washington, D.C. 20500; the Honorable Albert Gore, Vice President, Old Executive Office Building, Washington, D.C. 20510; the Honorable Madeleine K. HR 33, by Representative Geveden: A RESOLUTION expressing strong support for the two Kentucky doctors facing unjust deportation from their practices in rural Western Kentucky.

Representative Geveden moved the adoption of the following **HR 33**:

HR 33, A RESOLUTION expressing strong support for the two Kentucky doctors facing unjust deportation from their practices in rural Western Kentucky.

WHEREAS, in October of 1995, two Canadian doctors, David Zetter and Sabina Seitz, were recruited by Columbia PineLake Regional Hospital to serve as physicians in the underserved medical communities of Carlisle and Graves counties; and

WHEREAS, on the advice of their American attorney, the two filed for permanent visas in order to stay and practice in the Commonwealth; and

WHEREAS, in August of 1996, the two doctors were served with notice from the Immigration and Naturalization Service that their applications for permanent visas had been rejected, and that they faced deportation; and

WHEREAS, upon appeal, the doctors were notified that the INS now considered their original applications to be fraudulent, and that a chance to rectify the situation would not be granted; and

WHEREAS, Drs. Zetter and Seitz are outstanding and compassionate members of their communities and, in the time that they have been residents of Western Kentucky, have been accepted as family; and

WHEREAS, both Carlisle and Graves counties have been classified as "Medically Underserved Areas" in a report compiled by the Kentucky Department of Health Services, the University of Kentucky, the University of Louisville, the Kentucky Primary Care Association, and the Foundation for Kentucky's Primary Care; and

WHEREAS, Dr. Zetter is the only physician in rural Carlisle county and sees an average of forty patients a day, and, in addition, if deported, would leave 41 of 96 elderly residents of the Birchtree Health Care Center without an attending physician; and

WHEREAS, Drs. Zetter and Seitz were recruited as a result of a three year search, and are looked on as highly committed professionals who genuinely love their work, and as outstanding members of the communities in which they practice; and

WHEREAS, if the INS is allowed to be successful in their deportation effort, not only will Drs. Zetter and Seitz be banned from the United States for life, but so will their two and a half year old son, Daniel; and

WHEREAS, in response to remarkable public outcry, Senator Wendell Ford has taken swift action to restore the lives and practices of the two doctors, first, by obtaining a promise from Subcommittee on Immigration Chairman Senator Spencer Abraham that a letter requesting an agency report would be sent that would essentially serve to immediately halt the INS process by blocking any final action against the couple until the subcommittee reviews the case, and secondly, by filing a private relief bill in the Senate on behalf of the two doctors and their son that would allow the usual immigration procedures to be bypassed in this extraordinary case; and

WHEREAS, in addition, other members of the Kentucky congressional delegation, including Senator Mitch McConnell and Representative Ed Whitfield, have joined in the fight to keep two of Western Kentucky's prized citizens in their communities; and

WHEREAS, recently members of the community publicly expressed both their outrage and their support of Dr. Zetter in an impromptu rally outside his now closed office, and began circulating a petition in support of their position; and

WHEREAS, in the wake of widespread public outcry regarding the influx of illegal aliens into our country and their flagrant abuse of our public aid systems, the attack of two well-respected members of their communities and the Commonwealth of Kentucky is outrageous and a superfluous abuse of federal power;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. This honorable body hereby honors and supports Drs. Zetter and Seitz of Western Kentucky in their fight to remain and practice medicine in the Commonwealth of Kentucky.

Section 2. This honorable body hereby urges the Immigration and Naturalization Service to reconsider the extraordinary circumstances surrounding this situation and to grant permanent visas to Drs. Zetter and Seitz and their son, Daniel, and to allow these outstanding members of the Commonwealth community to resume their well-respected practice of medicine in rural Western Kentucky.

Section 3. Section 24. KRS 45A.045 is amended to read as follows:

(1) The Finance and Administration Cabinet shall serve as the central procurement and contracting agency of the Commonwealth.

  (a) The cabinet shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. The cabinet shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, prior to the beginning of each fiscal year all agencies shall submit to the Finance and Administration Cabinet an estimate of all needs for supplies, materials, and equipment during that year which will have to be required through competitive bidding.

  (b) The Finance and Administration Cabinet shall have power, with the approval of the secretary of the Finance and Administration Cabinet, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

  (c) The Finance and Administration Cabinet shall attempt in every practicable way to ***ensure***[~~insure~~] that state agencies are ***fulfilling their business needs through the application of the best value criteria***[~~acquiring their real needs at the lowest possible cost~~].

(2) The Finance and Administration Cabinet shall recommend regulations, rules, and procedures, and shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and, subject to the approval of the secretary of the Finance and Administration Cabinet, shall promulgate administrative regulations to govern purchasing by or for all these agencies. The cabinet shall publish a manual of procedures which shall be incorporated by reference as an administrative regulation pursuant to KRS Chapter 13A. This manual shall be distributed to agencies and shall be revised upon issuance of amendments to these procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general ***administrative*** regulations ***promulgated***[~~prescribed~~] by the cabinet.

(3) The Finance and Administration Cabinet shall purchase or otherwise acquire, or, with the approval of the secretary, may delegate and control the purchase and acquisition of the combined requirements of all spending agencies of the state, including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services.

(4) The Finance and Administration Cabinet shall sell, trade, or otherwise dispose of[~~ all property (including~~] any interest in real property[~~)~~] of the state which is not needed, or has become unsuitable for public use, or would be more suitable to

the public's interest if used in another manner, as determined by the secretary of the Finance and Administration Cabinet. The determination of the secretary of the Finance and Administration Cabinet shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. This request shall describe the property and state the reasons why the agency believes the property should be disposed. All instruments required by law to be recorded which convey any interest in any[~~ such~~] real property so disposed of shall be executed and signed by the secretary of the Finance and Administration Cabinet and approved by the Governor. Unless the secretary of the Finance and Administration Cabinet deems it in the best interest of the state to proceed otherwise, all[~~ such property (including any~~] interests in real property[~~)~~] shall be sold either by invitation of sealed bids or by public auction. The selling price of any interest in real property shall not be less than the appraised value thereof as determined by the cabinet, or the Transportation Cabinet for ***the***[~~such~~] requirements of that cabinet.

In the event the authority is delegated, the method for disposal shall be determined by the agency head, in accordance with administrative regulations promulgated by the Finance and Administration Cabinet, and shall be set forth in a document describing the property and stating the method of disposal and the reasons why the agency believes the property should be disposed of. In the event the authority is not delegated, requests to the Finance and Administration Cabinet to sell, trade, or otherwise dispose of the property shall describe the property and state the reasons why the agency believes the property should be disposed of. The method for disposal shall be determined by the Division of Purchases, Surplus Property Branch, and approved by the secretary of the Finance and Administration Cabinet or his or her designee.***

(6) The Finance and Administration Cabinet shall exercise general supervision and control over all warehouses, storerooms, and stores and of all inventories of supplies, services, and construction belonging to the Commonwealth. The cabinet shall ***promulgate administrative***[~~adopt~~] regulations to require agencies to take and maintain inventories of plant property, buildings, structures, other fixed assets, and equipment. The cabinet shall conduct periodic physical audits of inventories.

(7)[~~(6)~~] The Finance and Administration Cabinet shall establish and maintain programs for the development and use of purchasing specifications and for the inspection, testing, and acceptance of supplies, services, and construction.

(8)[~~(7)~~] Nothing in this section shall ***prevent***[~~deprive~~] the Finance and Administration Cabinet from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof. No contract executed under this provision shall authorize a price higher than is contained in the contract between the general service administration and the vendor affected.

(9)[~~(8)~~] Except as provided in KRS Chapters 175, 176, 177, and 180, and subject to the provisions of this code, the Finance and Administration Cabinet shall purchase or otherwise acquire all real property determined to be needed for state use, upon approval of the secretary of the Finance and Administration Cabinet as to the determination of need and as to the action of purchase or other acquisition. The amount paid for this real property shall not exceed the appraised value as determined by the cabinet or the Transportation Cabinet (for such requirements of that cabinet), or the value set by eminent domain procedure. Subject to the provisions of this code, real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employee of any agency of the state upon a finding by the Finance and Administration Cabinet, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the Finance and Administration Cabinet and the Governor, that the employee has not either himself ***or herself,*** through any other person influenced or attempted to influence either the agency requesting the acquisition of the property or the Finance and Administration Cabinet in connection with such acquisition. Whenever such an acquisition is consummated, the request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10)[~~(9)~~] The Finance and Administration Cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the Finance and Administration Cabinet, the Governor, and the General Assembly. The Finance and Administration Cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities. The Finance and Administration Cabinet shall also compile an annual report of state purchases by all spending agencies in the state's statewide accounting and reporting system. The report format shall include, but not be limited to, dollar amount, volume, type of purchase, and vendor.

(11)[~~(10)~~] For capital construction projects, subject to the provisions of this code, the bidding may be on whichever of the following methods, in the judgment of the secretary of the Finance and Administration Cabinet, offers the lowest real cost to the taxpayer:

(a) A total design-bid basis;

(b) A package system commonly referred to as "turnkey";

(c) Phase bidding commonly referred to as "fast track"; or

(d) Construction management.

Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12)[~~(11)~~] The Finance and Administration Cabinet shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by any agency of the state as provided in this code, and shall ***promulgate administrative regulations to*** designate[~~ by regulation~~] the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products. Major energy components shall be amortized on a seven (7) to ten (10) years' recovery basis and shall take into consideration the projected cost of fuel. The Finance and Administration Cabinet, in consultation with the Cabinet for Economic Development, shall conduct a thorough economic feasibility analysis on any major energy using component of at least three million (3,000,000) BTU's per hour heat input and shall issue a certificate of economic feasibility prior to the Finance and Administration Cabinet's purchasing or retrofitting any such component that utilizes any fuel other than coal. The economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For the analysis, the Finance and Administration Cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

Section 25. KRS 45A.050 is amended to read as follows:

(1) Except as provided in KRS 45A.800 to 45A.835 and KRS Chapters 175, 176, 177, and 180, all rights, powers, duties, and authority relating to the procurement of supplies, services, and construction, and the management, control, warehousing, sale, and disposal of supplies, services, and construction now vested in or exercised by any state agency under the several statutes relating thereto, are hereby transferred to the secretary of the Finance and Administration Cabinet as provided in this code, subject to the provisions of subsection (2) of this section.

(2) Unless otherwise ordered by the secretary of the Finance and Administration Cabinet, the acquisition of the following shall not be required through the Finance and Administration Cabinet:

(a) Works of art for museum and public display;

(b) Published books, maps, periodicals, and technical pamphlets; and

(c) Services of visiting speakers, professors, and performing artists.

(3) The Finance and Administration Cabinet shall include in all state agency price contracts for the purchase of materials or supplies a provision that, as approved by the secretary of the Finance and Administration Cabinet, any political subdivision, including cities of all classes, counties, school districts, or special districts, may participate in such contracts to the same extent as the Commonwealth. Any political subdivision may purchase materials and supplies pursuant to a contract for such supplies and materials entered into by the Finance and Administration Cabinet for the Commonwealth, including those contracts negotiated by the cabinet with vendors who maintain a general service administration price agreement as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045. Political subdivisions of the Commonwealth must comply with other provisions of the Kentucky Revised Statutes which require purchase by competitive bidding, before participating in the contract, unless the state contract has been let by competitive bidding, or the contract was negotiated as provided in subsection ***(8)***[~~(7)~~] of KRS 45A.045.

(4) The Finance and Administration Cabinet shall inform the Department of Local Government, which shall then inform the appropriate purchasing agent of each political subdivision, interested in participating under this section, of all state agency contracts in effect between the Commonwealth and vendors.

(5) The secretary of the Finance and Administration Cabinet shall promulgate ***administrative***[~~the rules and~~] regulations necessary for the implementation of this section and necessary to provide that the Commonwealth be reimbursed for any additional expenses incurred by the Commonwealth in allowing political subdivisions to participate in contracts with vendors.

(6) The Finance and Administration Cabinet shall comply with all provisions relating to the methods of purchasing in the Kentucky Revised Statutes. This section is not intended to repeal or otherwise affect any provision of the Kentucky Revised Statutes regarding purchasing methods of the Finance and Administration Cabinet.

Section 26. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" ***means***[~~shall mean~~] a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles [~~(~~]as provided in KRS 45A.215[~~)~~], and a fee, if any.

(2) "Established catalogue price" ***means***[~~shall mean~~] the price included in the most current catalogue, price list, schedule, or other form that:

(a) Is regularly maintained by the manufacturer or vendor of an item; and

(b) Is either published or otherwise available for inspection by customers; and

(c) States prices at which sales are currently or were last made to a significant number of buyers constituting the general buying public for that item.

(3) "***Best value" means a procurement in which the decision is based on the primary objective of meeting the specific business requirements and best interests of the Commonwealth. These decisions shall be based on objective and quantifiable criteria that shall include price and that have been communicated to the offerors as set forth in the invitation for bids.***[~~Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to measurable criteria, set forth in the invitation for bids:~~

~~(a) Including, but not limited to, inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose;~~

~~(b) Which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintainability, useful life, and residual value; and~~

~~(c) Which shall be used to determine acceptability.~~]

(4) "Invitation for bids" ***means***[~~shall mean~~] all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.

(5) "Request for proposals" ***means***[~~shall mean~~] all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095 or 45A.100.

(6) "Responsible bidder or offeror" ***means***[~~shall mean~~] a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

(7) "Responsive bidder" ***means***[~~shall mean~~] a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

Section 27. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of ***best value***[~~either the lowest bid price or the lowest evaluated bid price~~]; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state ***that awards***[~~whether award~~] shall be made on the basis of ***best value***[~~the lowest bid price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids~~].

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth[~~ therein~~] for the opening of bids. The notice ***may***[~~shall~~] include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the Finance and Administration Cabinet for all price contracts and purchase contracts estimated to exceed twenty-five thousand dollars ($25,000) not less than seven (7) days before the date set for the opening of the bids. The provisions of this subsection shall also apply to price contracts and purchase contracts of state institutions of higher education.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. At the time the bids are opened, the purchasing agency shall announce the agency's engineer's estimate and make it a part of the agency records pertaining to the letting of any contract for which bids were received. Each bid, together with the name of the bidder and the agency's engineer's estimate, shall be recorded and be open to public inspection.

(5) The contract shall be awarded[~~ with reasonable promptness~~] by written notice to the responsive and responsible bidder whose bid ***offers the best value***[~~is either the lowest bid price or lowest evaluated bid price~~].

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 28. KRS 45A.085 is amended to read as follows:

(1) When, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the ***bids***[~~bid prices~~] received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which[~~:~~

~~(a)~~] each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate[~~; and~~

~~(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and~~

~~(c) The negotiated price is the lowest negotiated price offered by any competitive offeror~~].

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals.

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where ***the***[~~such~~] prices are fixed by law or ***administrative*** regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or[~~ accurate~~] prior[~~ cost~~] experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable ***best value procurement***[~~prices~~], and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 29. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the[~~ lowest~~] responsive and responsible bidder ***whose bid offers the best value***; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the ***most***[~~lowest~~] responsive and responsible bidders***, based on criteria contained in the***[~~ to the competitive sealed~~] bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of ***best value***[~~the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror~~].

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 30. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only for sole source purchases, or when competition is not feasible, as determined by the purchasing officer in writing prior to award, under ***administrative*** regulations ***promulgated***[~~issued~~] by the secretary of the Finance and Administration Cabinet or the governing boards of universities operating under KRS Chapter 164A, or when emergency conditions exist. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the ***best value***[~~lowest acceptable quotation~~]. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

(f) For visiting speakers, professors, expert witnesses, and performing artists; and

(g) For personal service contracts executed pursuant to KRS 45A.690 to 45A.725.

(2) The chief procurement officer, the head of a using agency, or a person authorized in writing as the designee of either officer, may make or authorize others to make emergency procurements when an emergency condition exists.

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations, and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 31. KRS 45A.300 is amended to read as follows:

(1) Any public purchasing unit may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the acquisition of any supplies, services, or construction with any other public purchasing unit or foreign purchasing activity, in accordance with an agreement entered into between the participants. ***This***[~~Such~~] cooperative purchasing may include, but is not limited to, joint contracts between public purchasing units and access by local public purchasing units to open-ended state public purchasing unit contracts.

(2) Nothing in this code shall limit any public purchasing unit from selling to, acquiring from, or using any property belonging to another public purchasing unit or foreign purchasing activity independent of the requirements of KRS 45A.070 to 45A.165.

(3) Nothing in this code shall limit or restrict any public purchasing unit from entering into an agreement, independent of the requirements of KRS 45A.045***(5)***[~~(4)~~] and KRS 45A.070 to 45A.165, with any other public purchasing unit or foreign purchasing activity for the cooperative use of supplies or services.

(4) Any public purchasing unit may enter into an agreement for the joint or common use of warehousing facilities or the lease or common use of capital equipment or facilities with any other public purchasing unit or a foreign purchasing activity subject to ***the***[~~such~~] terms as may be agreed upon between the parties.

(5) Nothing in this code shall limit or restrict the ability of local school districts to acquire supplies outside of the public purchasing agreements when the supplies and equipment meeting the same specifications as the contract items are available at a lower price elsewhere and the purchase does not exceed two thousand five hundred dollars ($2,500).

(6) Nothing in this code shall limit any public purchasing unit from receiving notice of or accepting a price reduction on supplies or equipment when the supplies or equipment are being offered by the vendor with whom a price agreement has been made; the supplies or equipment are being offered in accordance with all terms and conditions that are specified in the price agreement, except those relating to price; and the price reduction is offered to all of the participants in the price agreement. Public purchasing units may accept special price reductions under this subsection even if the reduced price requires the purchase of a specified quantity of units different from the quantity stated in the original price agreement. Price reductions under this subsection shall not be considered to permanently alter the price of the supplies or equipment under the price agreement with the Commonwealth, except where the price reductions are to be made permanent under the express terms of the price agreement and where the purchasing agency which solicited the price agreement determines that the enforcement of those terms serves the best interest of the Commonwealth.

Section 32. KRS 45A.660 is amended to read as follows:

The Finance and Administration Cabinet may, for satisfactory reason consistent with its responsibility to attempt in every practical way to ***ensure***[~~insure~~] that state agencies are acquiring their real needs ***through the application of best value criteria***[~~at the lowest possible cost or to the best advantage of the state~~], waive any requirements of this code in instances where purchases are made by the Commonwealth of Kentucky or any agency thereof from the federal government or any agency thereof or from any other state government or any agency thereof.

Section 33. KRS 45A.695 is amended to read as follows:

(1) No one shall begin work on a personal service contract made by any contracting body except as provided in subsection (8) of this section, until after ***a copy***[~~three (3) copies~~] of the personal service contract ***is***[~~are~~] filed with the Legislative Research Commission. Each service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.

(2) Each copy of a proposed personal service contract submitted to the Legislative Research Commission shall be accompanied by documentation of:

(a) The need for the service;

(b) The unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service; and

(c) In the case of an architectural or engineering services contract, the documents identified in KRS 45A.830(3).

(3) Adequate notice of the need for the services shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, and state the relative importance of particular qualifications.

(4) The head of the contracting body or a designee of the officer may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

Judge Shadoan has held several posts and served on a variety of local and state government committees during his thirty-six year career. He has epitomized what a judge should be, making fair but firm rulings on a non-political basis. His love of the law is evident in the manner he handles his court, bringing to it intelligence, efficient management of court dockets, reasonable pace of litigation, exemplary judicial temperament and high energy. Now therefore, this day, this honorable body is pleased to wish him continued success and good fortune as he continues to shape his judicial career and expresses its gratitude for his contributions to this great Commonwealth. **Legislative Citation No. 59** was adopted without objection.

FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Second Extraordinary Session of 1997.

The texts of bills and joint resolutions appear on first reading and the texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a list of elected representatives, tables of actions on bills and resolutions, roll call votes, and a subject index.

Ms. Jean Wallace and Ms. Wilda Bond prepared the *House Journal* for the 1997 Second Extraordianry Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Governor Paul E. Patton addressed the Joint Session of the General Assembly as follows:

Speaker Richards, President Saunders and members of the General Assembly; Chief Justice Stephens and members of the Judiciary; Lt. Governor Henry and members of the Executive Branch; my fellow Kentuckians. This body's been called into session many times to consider issues which were important, perhaps even vital, to the well-being of our people. But never have you been asked to consider a subject more important than the issue we're here to address again, the health of Kentucky's citizens. That's been the dominant issue of the past three regular sessions of the General Assembly and this'll be the second special session on the topic in the past four years. This session won't see the end of the subject because we're dealing with a question for which no one has an answer. That question is, "How can we provide quality healthcare for all Kentuckians at an affordable price?" The poorest Kentuckian has access to better healthcare than does the president of Russia! But it costs a lot of money. How can we make it available to more Kentuckians? Through Medicare, the federal government has substantially eased that burden for Americans over 65. Through Medicaid, we're providing quality healthcare for the poorest of our people. But what about the rest of the working poor? The middle class? Even people with substantial means? All could be wiped out by one catastrophic illness or accident. Only the most wealthy among us could sustain the cost of catastrophic illness and not face bankruptcy. When it comes to life, the most precious of all possessions, money cannot measure its value. Whether it's me, you, the child next door or the older person in a distant town, no one is willing to say that their life isn't worth what it's cost to save it. When we put a human face on any specific situation, not one person in this body, not the most diehard fiscal conservative, not the biggest proponent of cutting taxes, not the strongest opponent of health insurance reform is willing to look that person in the eye and say, "Your life isn't worth what it'd cost to save it." But at the same time, there's not a member of this body, no matter how liberal, no matter how compassionate, no matter how big a tax and spender, that would vote to impose on us the taxes it'd take to say yes to everyone. Our angels of mercy, the dedicated healthcare professionals who've given us the best healthcare system in the world, can perform miracles by the thousands, every day. We'd all like to be able to say yes to every person who could benefit from the treatment that these professionals can give, but we can't. Politicians can't be the ones who say no to individuals so we put that task off on the people delivering the service; the doctors, hospitals, insurance companies - anonymous faces who don't have to answer to the people at election time. Allow me to tell you the story of Alex Wiley. This little four year old boy from Benton, Kentucky is a living miracle today. He wasn't expected to live after he and his mother were involved in a head-on collision in Marshall County this past summer. In the accident, Alex's skull was crushed and his brain severely damaged. Doctors induced a coma for eight days that reduced the swelling of young Alex's brain but even the doctors didn't think the boy would come out of the coma. Alex proved them wrong. He's alert not with a strong appetite and has some limited movement but he faces a long road to recovery as therapists now have to teach him anew to walk, talk and function. Alex's parents don't have health insurance. A state medical card has paid for most of the bills. Several churches and community organizations have held fund-raisers to help out with the rest. Alex and his family are going to make it, but what about other children and other families in Kentucky who've faced or may face a similar situation? What about them?

That's the nature of the subject I've called you here to Frankfort to address. For almost a year now, members of the General Assembly have asked me to call this special session. Since the end of the '96 session, people have been working to try to find an answer. I don't have the answers but I'm willing to work with you to do the best that we can and I'll shoulder my part of the responsibility. During the four years preceding my administration, under the leadership of Governor Jones, you struggled with this question and you passed House Bill 250, the Health Reform Act of 1994. As noble as your goal was, as much as that effort was driven by the most sincere positive motivation, as hard as dedicated people labored to make it a success, it didn't work. Less than two years ago, when I assumed this office, we again labored to preserve what was good about Governor Jones' vision and adjusted what appeared to be the problems; and again, in spite of good intentions and noble purpose, it didn't work. That first effort was against the background of a national debate on America's healthcare delivery system and it appeared that Kentucky might be in the vanguard of a fundamental shift in national policy but the national policy shift never came. And so we were left in the forefront when no one else followed. In retrospect, our efforts in '96 were doomed to failure from the start because we were trying to preserve an ideal in a nation which was not yet ready to embrace it. That, in the big picture, is the situation we face. No one in this country has figured out how to make healthcare available to all our people. We're here to address how we deal with the catastrophic financial burden that serious illness can bring. In this country we've generally dealt with the potential for catastrophic financial loss with either government action or private insurance or, in many cases, a combination of the two. Being a strong proponent of the free-market system. I think most of us would prefer to deal with potential catastrophic-loss situations with insurance. The nature of insurance is that we voluntarily agree to pool our resources in limited and known quantities in advance to share the cost of a catastrophic even which we know could come our way. Fire, automobile accidents or other liabilities to third parties are the kinds of insurance that work well. In these areas insurance companies estimate our individual probability of incurring loss and risk rate us. They can risk rate us as high as they wish. If the cost is too high, we can go uninsured and take the risk ourselves. But risking our health is different because health means live, something none of us can equate to a dollar value.

Few Kentuckians could along afford the cost of long-term and expensive healthcare services. Most Kentuckians want to join with their fellow citizens to share the risk through insurance. That is the hear of the subject we'll debate during the next several days.

The primary elements of House Bill 250 passed in '94, or at least the elements of it which survived the 1996 session, are; guaranteed renewability, portability, and issue all without regard to the current status of a person's health. Let me go into those subjects in a little more detail. Guaranteed renewability seems to me to be an issue of basic fairness. It means that your insurance company must renew your insurance every year and they can't cancel your policy or raise the price just because you've become ill. After all, you may've been paying your insurance premium for years and never used it one time. In fact most of us have paid for many kinds of insurance and never filed a claim. That's the purpose of insurance. Most of us never want to file a claim. We understand that our money goes to pay the cost incurred by our neighbors who were less fortunate than us. What makes health insurance different is that the losses can occur over a period of years and yet health insurance policies are renewed on a yearly basis.

If the insurance company knows that the cost of your healthcare in the future is going to be more than the premiums you're currently paying and if their primary concern is their profits, they can stop their losses by canceling your policy. I understand profits and losses but at the same time, it's hard for me to understand why an insurance company should be able to cancel my policy or raise my premium just because I got sick, when I've been paying premiums for years and never filed a claim. That's why I buy insurance, to use it if I need it. But we need to remember that before the 1994 Healthcare Act passed in Kentucky that's exactly what could happen to you and it was happening to many Kentuckians every year. One of the major advantages of the Healthcare Act passed in '94 was the guarantee you could renew your health insurance. Guaranteed portability means that you can't be denied coverage for a pre-existing condition when you change insurance companies. If, for example, you change jobs and therefore your insurance coverage, the waiting period for pre-existing conditions would not apply to your new policy. Many people had been locked into jobs because they had health insurance where they worked but were afraid they would lose it if they changed jobs. That's guaranteed portability. Guaranteed issue means that a person can buy insurance no matter how ill they are even if they've never had insurance before. That's a summary of the fundamental policy changes adopted in 1994 which are still in effect today. The essence of that policy is that the price or availability of health insurance will not be affected by the status of a person's health, gender or occupation. The only factors which can be considered when determining the price you're to be charged for your health insurance are your age, the size of the family unit and the region of the state in which you live. That's called modified community rating. That's still in effect today in Kentucky. The obvious effect of these changes was that older, sicker people paid less and younger, healthier people paid more. Since any insurer had to sell insurance to any Kentucky resident who wanted it no matter how sick they already were, the entire cost of the system went up as very sick people got insurance for the first time. Add to this the normal increase in the cost of health insurance caused by inflation and the expensive new treatments which come along every year and we had a situation where some people's insurance went up a little bit, some people's insurance went up a whole lot and very few people's insurance went down any. When you add to that the requirements that only five standard plans could be purchased, that providers had to change a lot of the ways they do business, and insurance companies were telling everybody that it was the government's fault, the reaction was swift and furious. The level of feelings on the issue in the early days of the 1996 session was intense. People wanted relief but they still wanted to keep modified community rating. They still didn't think that insurance companies should be able to cancel their insurance or jack up the price just because they got sick. In '96 we made some changes which helped but we still kept that fundamental policy decision to not let your health status affect the price of your health insurance. We kept modified community rating. The '96 changes didn't help enough. Today, a year and a half later, the demand of the people is that we do something else to control the cost of health insurance and increase the choice to most Kentuckians. There are few things we can do. There is no silver bullet. One of the things we can do is restore competition to the market. One of the undeniable effects of our laws has been to cause 45 insurance companies to quit selling health insurance in the Commonwealth. we only have one private company, Anthem Blue Cross-Blue Shield, selling individual policies in the state. Now some people say that the companies that left don't make any difference, they only represented half the individual market. Well, that half represented 75,000 Kentuckians. I think that does make a difference. In order to get some choice and competition in the market, I directed Kentucky Kare, a state-owned company, to sell individual policies to all Kentuckians. Kentucky Kare, whose purpose is to provide low-cost health insurance to Kentucky State Government employees and retirees, is now losing about $1.5 million a month. Kentucky Kare is going to have to raise its rates 30 percent. If we're going to improve the situation, I believe, and I think most of the members of the legislature believe, that we must restore competition to the market. We must have laws which will induce at least some of the companies to come back to offer our people health insurance. In the long run, the free market is the consumer's best chance to get a quality product at a fair price. To get a competitive market, we simply must change our system of modified community rating. But we don't have to abandon it altogether. Most experts in the field believe if we allow insurance companies to gradually increase rates over time when a person's health deteriorates, insurance companies can stay in Kentucky. Over these many months of debate, a general consensus has evolved that insurers can vary rates for individuals, plus or minus 35 percent, based on health. That's the figure that's been reluctantly agreed to by almost all parties involved in the debate, supporters of modified community rating and its opponents. Moreover, a general consensus has been formed that a person who's never had health insurance can purchase it for 50 percent more than the same policy would cost a person with normal health. With these two changes, we'll be able to retain the four basic elements of the 1994 law - guaranteed renewability, guaranteed portability, guaranteed issue, all for people with pre-existing health conditions.

To be sure, these changes in health condition can cause your health insurance to cost more, but no more than 35 percent from the average, and you'll still be able to keep the same kind of insurance you have today. If you don't have insurance now, you'll still be able to buy it with some limitations. There've been two proposals advanced that provide for persons with chronic pre-existing conditions, who currently don't have health insurance, to buy insurance. One choice is called pay or play where an insurance company can either choose to "play" - that is to sell insurance to all customers up to their fair share of the market or "pay" - that is to reject anyone who has a pre-existing health condition and pay the losses of the companies who do insure them. The other option is a high-risk pool. Under this proposal, sick people who can't get any insurer to sell them insurance can buy it from the state-run, high-risk pool and the extra cost of paying for their health care would be paid by all insurance companies selling health insurance in Kentucky. On the face of it, I, and many others in the General Assembly, would support the concept of pay or play over a high-risk pool. But the pay or play system has its problems. Nobody knows exactly how to make it work. The proposed "pay or play" system specifically requires the Department of Insurance to write 20 administrative regulations and contains 13 other provisions that may require more regulations. The department questions its ability to administer a program which is so vague. Only one state, New Jersey, is trying it, and with mixed results. And it's doubtful that pay or play system would restore competition o the market. The best option to restore competition in Kentucky is a high risk plan. T his is the method used by twenty-seven states to provide insurance coverage to high-risk individuals.

In my opinion, most of the General Assembly believes that we in Kentucky have experimented enough for the time being. The time has come to stabilize the market, restore competition, and try again later to adjust our program after we've learned a little more about how we can provide more of our people with affordable health insurance. That's one of the reasons I'm supporting the proposal of Senator Tim Shaughnessy. There are some things about it I don't like. On e is that it uses General Fund revenue to subsidize private health insurance through the high-risk pool. This government-paid cost of healthcare is how we got both Medicaid and Medicare, both programs I support for our national government, but a path our state government should never take alone. However, our health insurance market is in such disarray that I've compromised and reluctantly agreed with the supporters of the Shaughnessy proposal that a very modest and limited General Fund appropriation of $5 million a year for 3 years is essential to get this new program started without undue hardship on those who need health insurance the most. If we pass a law to address this subject during the next several days, we're all going to have to compromise. We're all going to have to accept some things we don't agree with. I've already done that and most of the people who're supporting the Shaughnessy proposal have done that. It's already a bipartisan proposal that has had input from both the Democrat and Republican leaders of both houses as well as my administration thorough the Department of Insurance. I must pause to acknowledge the work done by the Department of Insurance and its Commissioner, George Nichols. I know of no one engaged in this debate who doesn't respect Commissioner Nichols and his staff for their knowledge, sincerity, effort and dedication to the welfare of the Kentucky health insurance consumers. Commissioner Nichols stand up and take a bow, along with the rest of your staff here tonight. You've worked hard on this subject for almost two years. You've worked late at night and on weekends. You have some hard days ahead of you. You've got a very difficult job to do after the General Assembly acts. But I know you'll continue to serve above and beyond the call of duty, just like you've done these past trying and tiring 21 months. Thank you. Even though we must leave the day-to-day administration of this law to the professionals, we alone can decide the fundamental issues of public policy. We alone are the elected representatives of the people. We alone are at the crossroads and in the crosshairs of the public debate. We alone must act. I commend Senator Shaughnessy for his untiring effort to develop an effective compromise which I believe is the best we can do right now. I also want to thank Representatives Bob DeWeese and Bob Damron for their bipartisan proposal from the House, many elements of which have been incorporated into the Shaughnessy proposal. Senator Kelly and his staff made valuable contributions to the Shaughnessy proposal. The majority of the combined bipartisan leadership of both the House and the Senate have had input which was taken into account by Senator Shaughnessy and Senator Kelly as they prepared their draft. And let us keep in mind that the proposal introduced in the Senate today is just the starting point. I expect that the public debate which the legislative process demands may reveal weaknesses which can be corrected. I'm willing to consider changes for the better and I certainly expect to take into account, all proposed changes in the light of what is best for the consumers. But Kentuckians must realize that your elected leaders can't do the impossible. We can't satisfy every individual situation. We can only serve you with honesty, integrity, and diligence. I sincerely believe that the vast majority of these members of your Kentucky General Assembly meet that test. I don't agree with them on every subject as they don't agree with me, but I respect them because they represent you, they were elected by you. And they are doing their best to serve you just as I'm doing as your governor.

I urge all leaders to make their first priority the Kentuckians who depend on health insurance to save their lives and protect them from bankrupting medical bills. Now is the time for leadership. Now is the time for compromise. Now is the time for statesmanship.

Now is the time to act! Thank you. Good night. God bless you.
